### DEPARTMENT OF CORRECTIONS

P.O. Box 942883 Sacramento, CA 94283-0001

January 1, 2005

Dear Daily Jail Rate Preparer:

### DAILY JAIL RATE SAMPLE PACKAGE FOR FISCAL YEAR 2005/06

Enclosed is the Daily Jail Rate (DJR) Sample Package for Fiscal Year (FY) 2005/06.

The Sample Package is intended to provide assistance with preparation of the DJR Cost Package and is not necessarily representative of all jurisdictions, nor does it include all required source documentation.

Please note that any conflict or inconsistency between the DJR Manual and/or the Sample DJR Package shall be resolved by giving precedence to terms of California Penal Code Section 4016.5. Additionally, if after consulting the most current DJR Manual there is a question about the allowability of specific costs, the city or county should contact the California Department of Corrections' Fiscal and Business Management Audits Unit, at (916) 358-2125 for approval <u>prior</u> to incurring the expense or including it in the DJR computation.

If you have any questions regarding information provided herein, please contact Catherine Malbouvier, DJR Analyst, at (916) 358-2125.

The CDC looks forward to continued working relations with LAP participants and appreciates all the time and effort required.

Sincerely,

Original signed by

TIM ADAMS Senior Management Auditor Fiscal and Business Management Audits Unit

Enclosure

cc: Sheriff/Police Chief (w/o enclosure)
Auditor-Controller (w/o enclosure)

### DAILY JAIL RATE SAMPLE PACKAGE

### FISCAL YEAR 2005/06

### **BASED ON ACTUAL COSTS FOR FISCAL YEAR 2003/04**

### STATE OF CALIFORNIA

### YOUTH AND ADULT CORRECTIONAL AGENCY

### CALIFORNIA DEPARTMENT OF CORRECTIONS

### **AND**

### CALIFORNIA DEPARTMENT OF THE YOUTH AUTHORITY

- ❖ Any conflict or inconsistency between the DJR Manual and/or Sample DJR Package shall be resolved by giving precedence to terms of the California Penal Code, Section 4016.5.
- ❖ For questions whether a specific cost is allowable, the city or county should contact the California Department of Corrections' Fiscal and Business Management Audits Unit, at (916) 358-2125 for approval prior to incurring the expense or including the expense in the DJR computation.
- ❖ This package does not contain all of the required source documentation.

### COMPLETING THE DJR COMPUTATION FORM

### NOTE:

- Documentation supporting reimbursement must adhere to Generally Accepted Accounting Principles (GAAP) as outlined by the American Institute of Certified Public Accountants.
- **Reference** specific exhibit, attachment or note on the DJR computation form that support each line item indicated on the computation form.
- **Identify** combinations of object codes from support documents that make up a line item on the computation form.
- Include all applicable source documents; i.e., expenditure reports, budget reports, etc.
- Verify with the checklist to ensure all necessary supporting documentation is enclosed with your DJR computation form. Include any spreadsheets explaining the basis of the allocation, if costs are being allocated.
- Support documents should be copied to letter size  $(8 \ 1/2 \ x \ 11)$  paper when possible.

### **ACTUAL EXPENDITURES FOR FY 2003/04:**

### A. Lines 2 - 9

Include all **allowable** and **unallowable direct** costs for the jail facility. Deduct unallowable direct costs in lines 12-17.

### 1. Line 2:

Wages and Benefits - Use the FY 2003/04 actual costs for the jail facility (ies).

### Attach:

- i. A copy of the expenditure report that lists the items and the amounts expended in salaries and benefits.
- ii. A listing by classification of the positions included in the salaries and benefits.

If salaries or benefits were allocated, attach:

- i. A worksheet showing the basis for the allocation, the actual percentages used and the dollar amount.
- ii. A copy of the actual expenditure reports even if the costs were allocated.

Identify any attachments as a footnote on the worksheet.

**NOTE:** Do not include any salaries or benefits for Administration in this line item. Administration is considered to be part of the Indirect Costs. Do not include any salaries or benefits for any elected officials, such as the Sheriff, as they are unallowable costs.

### 2. Line 3

<u>Services and Supplies</u> - Use the FY 2003/04 actual costs. Attach a copy of the expenditure report that lists the items and the amounts expended in services and supplies for the jail facility.

If services and supplies were allocated, be sure to include a worksheet showing the basis for the allocation, the actual percentages used and the dollar amount. Attach a copy of the expenditure reports even if the costs were allocated. Identify any attachments as a footnote on the worksheet.

### 3. **Line 4**

<u>Medical Costs</u> – For the purpose of calculating the DJR, **include costs for both routine and non-routine medical costs**. Non-routine medical costs should be deducted in lines 12-17.

Attach a copy of the expenditure report that list the items and amounts expended for medical costs. If there is a medical contract with another agency to provide routine medical care for the jail facility, submit a copy of the contract. Ensure that the contractor provides an expenditure report classifying routine and non-routine medical services as defined in this manual.

If medical costs were allocated, be sure to include a worksheet showing the basis for the allocation, the actual percentages used, and the dollar amount. Attach a copy of the expenditure reports even if the costs were allocated. Identify any attachments as a footnote on the worksheet.

### 4. Line 5

Equipment Purchases - If equipment purchases were listed separately from services and supplies, follow the same requirements as for services and supplies above. Identify any attachments as a footnote on the worksheet. Equipment defined as capital assets by the county/city's capitalization policy are unallowable and should be excluded entirely from the DJR calculation. Include a copy of the capitalization policy and a complete description of each capital asset, including the cost.

### 5. Lines 6 - 9

Other Direct Costs - List any other direct costs separately and explain them in a footnote. Include only costs directly attributed to the jail facility (ies).

If other direct costs were allocated, be sure to include a worksheet showing the basis for the allocation, the actual percentages used, and the dollar amount. Attach a copy of the expenditure reports even if the costs were allocated. Identify any attachments as a footnote on the worksheet.

**NOTE:** Do not include any costs charged to Administration in this line item. Administration costs are considered to be part of the Indirect Costs.

### B. Line 10

Total Direct Costs - Enter the sum of the costs from lines 2-9.

### C. Lines 12 - 17

<u>Less: Unallowable Direct Costs</u> - List any unallowable direct costs that are included in Direct Costs (e.g., booking costs, non-routine medical costs, or radio service outside the jail facility (ies), etc.).

### D. <u>Line 18</u>

<u>Total Unallowable Direct Costs</u> - Add together lines 12-17.

### **E.** Line 19

Allowable Direct Costs - Subtract line 18 from line 10.

### F. Line 20

<u>Or Other Basis</u> - If the city or county uses another method to determine Allowable Direct Costs, a detailed explanation and documentation must be provided. Identify any attachments as a footnote on the worksheet.

### G. <u>Line 21</u>:

Indirect costs (overhead) pertaining to detention operations shall exclude unallowable cost factors noted in Chapter II, Section E, Allowable and Unallowable Costs.

Costs that may be included in this line item are:

1. Costs approved for use in the <u>FY 2003/04</u> Indirect Cost Rate Proposal (ICRP) or County Wide Cost Allocation Plan (COWCAP).

To include the ICRP or COWCAP in the Indirect Cost calculation, subtract building and equipment use costs and include any roll forward amount. Unless unallowable under PC Section 4016.5, other costs included in the ICRP or COWCAP are acceptable Indirect Costs and must be allocated appropriately to each cost center.

2. Any departmental, divisional or other <u>allowable</u> indirect detention costs (overhead) as defined in this Manual, including salaries and benefits and services and supplies, less any applicable revenues or reimbursements.

For additional information regarding unallowable indirect costs within a city or county cost plan, see Sections 2430-2440 of the <u>Handbook of Cost Plan Procedures for California Counties</u>, Office of the State Controller. Please note that all costs must be consistent with the requirements of PC Section 4016.5.

All indirect costs must be allocated based on the percentages that each cost center benefits from the indirect costs. The cost proposal must include a worksheet detailing the basis for the allocation (salaries and benefits, etc.), actual percentages used, and dollar amounts. A copy of the expenditure reports is required in all cases and regardless of methodology. Please footnote and/or cross-reference all figures from source documentation to the computation.

### H. Line 22

<u>Allow Dir/Total Dir</u> - This percentage is obtained by dividing the allowable direct costs by the total direct costs. Divide the amount on line 19 by the amount on line 10: enter the result on line 22 as a percentage with two decimal places.

### I. Line 23

Allowable Indirect Costs - Multiply the value on line 21 by the percentage on line 22.

### J. Line 24

<u>Total Expenditures</u> - This is the total FY 2003/04 program expenditures. Add lines 19 and 23 or lines 20 and 23.

### K. Line 26 - 30

<u>Less: Offsetting Reimbursements and Applicable Credits</u> - Costs already reimbursed or funded from Federal or State government or other sources, cannot be reimbursed again under PC Section 4016.5 or WIC Section 1776. <u>Dual funding is not allowable</u>. (See exception, Chapter II, Section H.)

### L. Line 31

<u>Total Offsetting Reimbursements and Applicable Credits</u> - Add together values from lines 26-30.

### PROJECTED EXPENDITURES FOR FY 2005/06:

### M. Line 32

<u>Allowable Costs</u> - This is the total allowable FY 2003/04 program expenditures; subtract line 31 from 24.

### N. Line 33

Allowable Costs (FY 2003/04) - The value amount on line 32 is carried forward.

### O. <u>Line 34</u>

<u>Estimated 2-Year % Cost Increase/Decrease</u> – This estimate is required as actual expenditures from two FYs ago are being used to project expenditures for FY 05/06.

The types of costs used to calculate the two-year percentage cost increase/decrease must be the same types of costs used to calculate the DJR in order to avoid excessive retroactive adjustments. (See Chapter II, Section E, Allowable and Unallowable Costs.) The method used must be reasonable and supported by documentation that includes an explanation describing how the two-year percentage cost increase/decrease was determined. Report the percentage with two decimal places.

### Proposed formulas:

- 1. Allowable budgeted costs for FY 2004/05 divided by actual costs for FY 2002/03, less 1.
- 1. Allowable budgeted costs for FY 2004/05 divided by actual costs for FY 2003/04, less 1, then multiplied by 2.

### P. <u>Line 35</u>

<u>Amount of Estimated 2-Year Increase/Decrease</u> - Multiply the amount on line 33 by the percentage on line 34.

### Q. Line 36

Total Allowable Costs for FY 2005/06 Rate Computation - Add lines 33 and line 35.

### R. Line 37

<u>Reported Average Daily Jail Population</u> - Attach a copy of the monthly average daily jail population (ADP) for FY 2003/04 for the jail facility, or a copy of the official city or county document where this population figure appears. Report the ADP with two decimal places.

### S. Line 38

<u>Calendar Days</u> - Enter the total number of days in FY 2003/04: 366.

### T. <u>Line 39</u>

Total Projected Jail Population - Multiply value on line 37 by the value on line 38.

### U. <u>Line 40</u>

Estimated 2 Year % Population Increase/Decrease - Enter the estimated percentage increased/decreased jail population for FY 2005/06. Provide worksheets and source documentation substantiating the expected jail population for FY 2005/06. A zero population growth must be accompanied by a court order reducing the jail population. The method used must be reasonable and carefully calculated in order to avoid material fluctuations in the DJRs from year to year. Report this percentage with two decimal places.

### Proposed formulas:

1. 2003/04 ADP minus 2001/02 ADP equals divided by 2001/02 ADP.

### Example:

FY 2	003/04 ADP	 (1)
- FY	2001/02 ADP	 (2)
=	Change	(1) - (2) = (3)
%	Population Incr./Decr.	(3) / (2)

2. Average increase/decrease over past five years.

### Example:

FY	99/00	00/01	01/02	02/03	03/04
ADP	1,417	1,479	1,586	1,474	1,110
	-1,474				
Change	-364				
Incr/Decr	-24.69%				
Average Increa	-5.04%				
Multiply by 2 1	for two-y	ear estimate	•		-10.08%

The FBMAU recommends using the more conservative estimate that best reflects the ADP trend in the facility in order to avoid large fluctuations in the rate paid.

### V. <u>Line 41</u>

<u>Estimated FY 2005/06 Jail Population</u> - Multiply the value on line 39 by the percentage on line 40, then add the result to the amount shown on line 39.

### W. <u>Line 42</u>

Daily Jail Rate (FY 2005/06) - Divide value on line 36 by the value on line 41.

NOTE: The \$59.00/day cap for detention costs established in the Budget Act of 1993 remains in effect pursuant to the Budget Act of 2005. Please be advised that the control language previously established by the Budget Act of 1993 may be subject to change in the Budget Act

### Instructions For Completing The Prior Rate Estimate Adjustment SCHEDULE FY 2005/06(a)

As in prior years, the city or county may use the Prior Rate Adjustment Schedule to adjust the reimbursements received for detention costs for FY 2003/04.

If the city or county was overpaid, collection by CDC will be made from the first few months' invoices paid in FY 2005/06. If the city or county was underpaid, the city or county should submit CDC 2131-B, Consolidated Amended Invoice Parolee/Inmate Detention (see Appendix IX, Blank Forms), with the corrected DJR rate for FY 2003/04 as calculated below:

### A. Line 1

<u>Total Allowable Costs for Fiscal Year (FY) 2003/04</u> - Enter the value on line 33 of the DJR Computation Schedule for **FY 2005/06**.

### B. Line 2

<u>Average Daily Population in FY 2003/04</u> - Enter the value on line 37 of the DJR Computation Schedule for **FY 2005/06**.

### C. Line 3

Total Calendar Days in FY 2003/04 - Enter the total number of days in FY 2003/04: 366.

### D. Line 4

<u>Total Actual Inmate Days in FY 2003/04</u> - Multiply the value on line 2 by the value on line 3 and enter the amount.

### E. Line 5

<u>Corrected DJR Rate approved for FY 2003/04</u> - Divide the value on line 1 by the value on line 4 above.

### F. Line 6

<u>Daily Jail Rate approved for this facility for use in FY 2003/04</u> - Enter the DJR approved by CDC for FY 2003/04 as shown on line 42 of the approved DJR Computation Schedule for **FY 2003/04**.

### G. Line 7

Difference - Subtract the value of line 5 above from the value of line 6 above.

If the DJR on Line 5 is under the \$59.00 cap, and is less than Line 6, the city or county was overpaid for FY 2003/04 invoices. CDC will collect the overpayment from future invoices.

If the DJR on Line 5 is under the \$59.00 cap, and is greater than Line 6, the city or county was underpaid for FY 2003/04 invoices. Use CDC 2131-B, Consolidated Amended Invoice for Parolee/Inmate Detention, and invoice CDC for the difference.

If the DJR on Line 5 is \$59.00 or more, and Line 6 is less than \$59.00, the city or county was underpaid for FY 2003/04 invoices. Use CDC 2131-B, Consolidated Amended Invoice for Parolee/Inmate Detention, and invoice CDC for the difference. Underpayment will be based on the difference between \$59 and Line 6.

If the DJR on Line 5 is \$59.00 or more, and Line 6 is equal to \$59.00, there will be no adjustments made. The cap of \$59.00 placed on DJR rates, as established by the Budget Act of 1993, remains in effect.

**NOTE:** An expenditure analysis by index was conducted based on a sampling of services and supplies' invoices to determine the allocation between routine and non-routine medical supply costs (based upon the definitions provided in the DJR Manual). Additionally, a salary and benefit analysis was conducted based on a time-study conducted by staff. The salaries and benefits were allocated between routine and non-routine medical services (based upon the definitions provided in the DJR Manual) and administrative tasks. The administrative costs were further allocated between routine and non-routine. Based on this analysis, the routine medical costs are 17.25% and the non-routine costs are 82.75%. **This sample does not include the required source documentation and supporting invoices.**

### STEVE WESTLY Controller of the State of California

### NEGOTIATION AGREEMENT COUNTYWIDE COST ALLOCATION PLAN

County of Somewhere Date: August 25, 2003

Anywhere, California Filing Ref: Some04

Pursuant to the Office of Management and Budget (OMB) Circular A-87, the State Controller's Office formally approves the Countywide Cost Allocation Plan in Section I **for use in the 2003/04 fiscal year**. This approval is subject to the conditions contained in Section III.

Departmental indirect cost proposals should clearly identify those costs that have been distributed through Sections I and II of this agreement in accordance with the guidelines of the responsible grantor agency for that department. Further, data processing systems may be subject to grantor agency approval prior to the reimbursement of certain costs allocated, billed, or cost applied from the Data Processing Department.

### SECTION I: COSTS DISTRIBUTED THROUGH COUNTYWIDE COST ALLOCATIONS

The indirect overhead and support service costs listed in **Schedule A**, attached, are formally approved as actual costs for the **2001/02** fiscal year and as estimated costs for the **2003/04** fiscal year on a "fixed with carry-forward" basis. These costs may be included as part of the costs of the county departments indicated effective **July 1, 2003** for further allocation to Federal grants and contracts performed by the respective county departments.
